

**Barbara Stoskopf** ([bstosko@mcmaster.ca](mailto:bstosko@mcmaster.ca)) is the Project Coordinator for this study, and the Regional Coordinator for Canada, Georgia and Oklahoma. She is a registered nurse, with a Masters of Health Sciences degree from McMaster University, and has spent all of her 35-year career in Pediatrics at McMaster. Her clinical background is in Neonatal Intensive Care and the Neonatal Follow-up Clinic. For the past two decades, she has coordinated multiple studies of longitudinal follow-up of ex-premature infants, with a focus on neurodevelopmental outcomes and quality of life issues. She has been a member of the *CanChild* team since the fall of 2006, when she joined the Move & PLAY project as coordinator.
