

FAMILY ENGAGEMENT PLAN

Who is involved on your research team as a family stakeholder and what are their roles?

Who is your target audience?

How did/will you conduct a family stakeholder needs assessment?

How did/will you involve family stakeholders in the research planning and design?

How will families be involved in data collection and analysis?

What are the barriers in your project to involving families, and how do you intend to overcome them?

What are the intended outcomes of the project for families?
